

NICOLE HUGHES

nicolehughes4@gmail.com

Qualifications:

2008 Bachelor of Physiotherapy (Hons), University of Melbourne

2016 (in progress) Master of Public Health, University of Melbourne

Institute:

The Nossal Institute for Global Health, the University of Melbourne

Current positions:

Master of Public Health student;

Research Assistant and intern for Dr Nathan Grills, Nossal Institute for Global Health;
Physiotherapist, Royal Melbourne Hospital

Supervisors/ Advisors:

Dr Nathan Grills, The Nossal Institute for Global Health, the University of Melbourne

Research Interests:

My current research interests are still broad and I am exploring different options and opportunities for future research. My recent research activity has been focused around plain packaging of tobacco products in low to middle income countries. A key part of this work has been examining the current evidence base for the role of plain packaging in low to middle income settings. I am interested in looking both at the effectiveness of plain packaging interventions and the complexities involved in developing legislation. I am also interested in disability and have worked across a number of different disability projects in North India.

Recent publications:
